4808  At the National Show, each division winner, the National Champion rider and the
National Champion Team shall be awarded grand championship ribbons and
honors. Reserve through tenth place shall be awarded champion-sized ribbons.

4900  Personal Conduct of Exhibitors, Coaches, and Show Personnel

4901  General
It is expected that exhibitors, spectators, and coaches will behave in a manner that
reflects the dignity of the sport. Ill-mannered conduct will not be tolerated. Any
behavior deemed inappropriate may be presented as a protest to the RSEC, ISEC,
ZSEC or NSEC. At IHSA horse shows, the show management, in conjunction
with the Stewards, may expel from the grounds any person whose behavior is
debemed dishonest, unethical, unsportsmanlike, or detrimental to the health, safety,
or well-being of any horse, person, or the Association, during the progress of the 
show.

4902 Cruelty
Equestrian sport is made possible by the animals, who serve the rider. This is a
sport of grace and elegance, where rider and animal work as a team. There is
neither grace nor elegance in an abusive spectacle. It is the responsibility, 
therefore, of all parties concerned to be aware of the conduct of participants and 
the condition of the horses; and, if a violation is observed, a report must be made 
immediately to the stewards.

4903 Alcohol and Marijuana
The use or possession of alcohol, marijuana or any illegal substance by the
exhibitors or coaches is strictly forbidden on the show grounds, and any 
participant apprehended with such materials will automatically be suspended from 
the Association.

4904 It is the responsibility of all parties concerned to consider the welfare of the horse.
The administration of central nervous system drugs is prohibited in IHSA 
competition. See Rule 4302.

A. To officiate at an IHSA Hunter Seat Show, a person must be a recognized USEF judge either recorded or Registered in the Division he they are to judge. (See current USEF Rule Book). For IHSA Western Shows, a judge must be selected from the AQHA or APHA list of Regular judges. AQHA Progressive or Specialty judges (Novice included) will require approval, prior to hiring. See 5201.B.
B. Any region which has demonstrated ongoing hardship in securing recognized judges must submit a request from the Regional President to the National Steward to use uncarded judges during their season. (Any region that has a one-time emergency hardship may also make the request to the National Steward.) Any use of an uncarded judge must have unanimous written approval from all participating schools. Such approval shall be submitted to the Regional President and National Steward.

C. A person may judge only one show per region per academic semester.

D. A judge for a Regional Show must be a USEF Registered judge for Hunter Seat Equitation or an AQHA judge for Western in the division in which the judge is to adjudicate, and must not have officiated at an IHSA show in that Region during that academic semester. H. No IHSA individual member may show before a judge with whom they have had a professional relationship as defined in Rule 5201G. by the USEF rules, but to include clinics, within 60 days prior to the show.

I. A Regular show shall have one (1) qualified judge. A Western Semi-Final Show shall have two (2) qualified judges. The National Show shall have two (2) qualified judges for the Hunter Seat classes and two (2) qualified judges for the Western classes.

5202 Responsibilities of a Judge

A. Good judging depends upon a correct observance of the fine points and the selection of the best rider under the conditions of the class. A judge serves three interests: their own conscience, exhibitors, and spectators. They should make clear to the audience that the best rider wins. The attention of Judges is directed to the difference in requirements between USEF equitation classes and IHSA equitation classes. A Judge is obligated to adjudicate each class in conformity with the rules and specifications of that class as they appear in the IHSA Rule Book. They are expected to be proficient in their Division discipline and to possess a working knowledge of the Rules of the Association.

B. The decision of each judge constitutes solely their individual preference and not a verdict by the Association.

C. No one shall approach a Judge with regard to a decision unless they first obtains permission from a Steward, who shall arrange an appointment with the Judge at a proper time and place. In order to inspect a judge’s card, an exhibitor must first obtain show management’s permission and be accompanied by their coach.

D. A Judge may order from the ring any horse or rider whose actions may endanger other exhibitors (See Rule 6103).

E. A Judge should inspect courses of fences after they have been set.

5300 Show Stewards

If there were any show problems or any riders were reclassified, the show report must be forwarded onto the National Steward within two (2) days of receipt of the report.

H. Collect all accident/claim forms and forward a copy online to both the Regional President, Nationals Steward, Zone Chair and the Insurance Chair within five (5) days of the show date.

C. Determine the suitability of rider to horse, rider to class, and horse to class level. This requires a majority decision by the stewards.

D. Stop a class in the event a horse or rider should be considered unsafe.

5304 Classification of Riders by Stewards

A. Classification of riders need not be automatic. When classification is unclear, upon submission of biographical information, the show stewards at the rider's first competition may review the rider’s ability for proper classification. If rider is reviewed at the higher class and is moved down, all points and ribbons won in the class shall be forfeited. If rider is reviewed in the lower class, they must ride unjudged for that one class. Rider may be evaluated outside the competition day by designated regional representatives. See Rule 1304.

B. The show stewards of the IHSA will give advice if requested and shall have the power to reclassify riders who are competing at incorrect levels. All points and ribbons won in such classes shall be forfeited.

RULE VI

Judging Requirements

6100 General

6101 In equitation/horsemanship classes only the rider is being judged; therefore, no penalty should be assessed because of the horse's conformation, color or way of going. Tack and equipment used is at the discretion of the horse provider.

6102 Falls, Refusals and Eliminations (See Rule 4400).

6103 Any rider not having their mount under sufficient control shall be removed from the ring and shall be disqualified or remounted at the stewards’ discretion.

6104 Riders must remain on the same mount throughout all phases of an equitation or horsemanship class until the judge requests a change, except in Cacchione Cup competition.

6105 No attendant shall be allowed in the ring except at the request of the judge or stewards.

6106 If additional tests are desired and appropriate, the Judge's instructions to riders shall be publicly announced. It is suggested that the judge go over these instructions with the announcer to assure mutual understanding of the wording. Judges shall not confer with riders individually during the line-up.

6200 Hunter Seat Equitation - Hands and Seat

6201 General

Rider should have a workmanlike appearance, seat and hands light and supple, conveying the impression of complete control should any emergency arise.

6202 Mounting and Dismounting

To mount, take up the reins in left hand and place hand on withers. Grasp stirrup leather with right hand, insert foot in stirrup and mount. To dismount, rider may either step down or slide down. The size of the rider must be taken into consideration.
6203 Hands

Hands should be over and in front of the horse's withers, knuckles 30 degrees inside the vertical, hands slightly apart and making a straight line from the horse's mouth to rider's elbow. Method of holding reins is optional, but all reins must be picked up at the same time.

6204 Basic Position

The eyes should be up and shoulders back. Toes should be at an angle best suited to rider's conformation, ankles flexed, heels down, calf of leg in contact with horse and slightly behind girth. Iron should be on ball of foot.

6205 Position in Motion

At the walk and slow trot, body should be vertical; posting trot, inclined forward; canter, half-way between the posting trot and the walk; galloping and jumping, same inclination as the posting trot.

6206 Class Routine

A. Over fences

The performance begins when the horse enters the ring or is given the signal to proceed after entering the ring.

Except for refusals, jumping faults of the horse are not to be considered unless it is the fault of the rider.

Number of strides shall not be considered unless it is the fault of the rider.

Although a flying change of lead is preferable, a well-executed simple change must not be penalized.

Each contestant may circle once, if desired, before approaching the first jump. She they shall then proceed around the course, keeping an even pace throughout.

Three cumulative refusals will eliminate. If a refusal occurs in a double or triple, riders shall re-jump all elements of the combination. No courtesy fence will be allowed after elimination.
B. **On the flat.**

Contestants shall enter ring and shall proceed at least once around the ring at each appropriate gait and on command, reverse and repeat. The order to reverse may be executed by turning either toward or away from the rail. Light contact with the horse's mouth is required. Entries shall then line up on command, and any or all riders may be required to execute any appropriate tests included in class requirements.

**6207 Course Requirements**

Classes over fences shall be held over at least six jumps, type to be left to the discretion of management (See Rule 4308). All IHSA competitions must use FEI-approved Safety Release Cups for the back pole of all oxers in every over fences class.

**6208 Hunter Seat Tests**

A Hunter Seat judge may choose from the following tests. Tests may be performed collectively or individually. No other tests may be used except at Zone and National Shows where additional appropriate tests may be asked. Instructions must be publicly announced.

1. Ask an appropriate question.
2. Halt.
3. Sitting Trot.
4. Two-point position at the walk and/or trot.
5. Figure eight at trot, demonstrating change of diagonals.
6. Figure eight at canter on correct lead, demonstrating simple change of lead.
7. Ride without stirrups. Riders must be given the option to cross their irons.
8. Change leads on a straight line, demonstrating simple change of lead.
10. Canter on the counter lead. No more than eight horses may counter canter at one time.
11. Half-turn on forehand and/or half turn on haunches.
12. Jump a shortened course.
13. Trot a jump not to exceed 2' 6"
Western Horsemanship

General

Riders will be judged on seat, hands, ability to control and show horse. Results as shown by performance of the horse are NOT to be considered more important than the method used by the rider in obtaining them.

Basic Position

The rider should sit in the center of the saddle and the horse’s back with the legs hanging to form a straight line from the rider’s ear, through the center of the shoulder and hip, touching the back of the heel or through the ankle. Feet should be placed in the stirrups with the weight on the ball of the foot. Consideration in making this judgment, however, should be given to the width of the stirrup. The heels should be lower than the toes, with a slight bend in the knee and the lower leg should be directly under the knee. Riding with the toes in the stirrups will be penalized. The rider’s back should be flat, relaxed, and supple. The shoulders should be back, level, and square.

Hands

Both hands and arms should be held in a relaxed manner, with the upper arm in a straight line with the body. The arm holding the reins should be bent at the elbow forming a line from elbow to the horse’s mouth. The position of the free hand and arm is optional but should be kept clear of the horse and equipment. Excessive pumping of the free arm as well as excessive stiffness will be penalized. Except as noted, only one hand is permitted on the reins and hands are not to be changed. Two hands may be used only on horses designated by show management. When two hands are used, the tails of the reins must be crossed on the opposite side of the neck. The reins may be held with both reins in each hand, or “bridged”; or one rein may be held in each hand. When using romal reins, the rider’s hand shall be around the reins, with the extension held in the free hand. Bosal and hackamore reins shall be held in two hands. No more than one finger is allowed between the reins when split reins are used, but none with a romal. The rein hand should be carried immediately above or slightly in front of the saddle horn. Bracing against the horn will be penalized. The reins should be adjusted so that the rider has light contact on the horse’s mouth, and at no time shall reins require more than a slight hand movement to control the horse. Excessively tight or loose reins will be penalized. The hand is to be around the reins at all times.
Position in motion

Rider’s base of support should maintain secure contact with the saddle from the seat to the thigh. Light contact should be maintained with the saddle and horse from the knee to mid-calf. Riders should sit to jog and not post. All movements of the horse should be governed by the use of imperceptible aids.

Class Routine

Riders shall enter the ring and show collectively on the rail at all required gaits in both directions prior to any individual testing. The order to reverse should be executed away from the rail. Light contact with the horse’s mouth shall not be penalized. Entries shall line up on command. A judge may change a rider(s) from any horse to any other horse in the same class. This may occur provided rail work and/or pattern has been completed by all riders. Any or all riders may be required to execute any appropriate tests included in class requirements. Testing is optional in all classes, except at the National Horse Show when it is mandatory in all classes. If a retest is granted by the Stewards during the horsemanship pattern, the rider may retest on a horse in the ring chosen by the judge without riding the class over in its entirety. When a re-ride or re-test is granted after the rail portion of a class, the ride will take place on a horse that has completed the class.

Western Horsemanship Tests

A western judge may choose from the following tests, singly or in combination, and/or any other appropriate and equivalent test that may be deemed necessary.

1. Individual performance on the rail.
2. Halt and/or back.
3. Figure eight at the jog.
4. 360-degree turn.
5. Lope and stop.
6. Figure eight at the lope, demonstrating a simple change of lead (through walk and jog.)
7. Ride without stirrups.
8. Change of leads down center of ring, demonstrating simple change of lead.
9. Counter-canter.
Procedures for Addressing Faults

Classes 11, 12A, 12B, and 13: Exhibitors going off pattern, knocking over or on wrong side of cone, never performing specified gait, or lead or overturning more than ¼ turn than designated, shall not be disqualified, but scored as an “OP”, indicating their failure to complete the pattern as specified and must always place below exhibitors not incurring a disqualifying fault.

Class 14, 16: Exhibitors going off pattern, knocking over or on wrong side of cone, never performing specified gait, or lead or overturning more than ¼ turn than designated, or incurring any other disqualifying fault will be scored as such, and the rider will not be placed.

*** Note: For Class 15 (Ranch Riding), AQHA rules will be followed. Any exhibitor who incurs a ‘disqualifying’ fault will be scored as an “OP” and placed at the bottom of the card below all qualifying rides regardless of numerical score.

Western Reining

Class Procedures

Entries are to perform individually before the judge. Three markers will be placed on the left and right rail—a center marker, and two end markers spaced appropriately to the size of the arena to allow easy passage beyond the markers. Personal appointments, position, and procedures are consistent with rules governing IHSA Western Horsemanship Division. For the safety of the judges, horses and exhibitors, judges shall be seated outside of the arena, if possible, at all IHSA Reining classes.

General guidelines

Riders are to be judged on proper symmetry of figures, definite changes of speed, direction, and size of circles; proper technical application of natural aids in obtaining lead changes, stops, and turns; and reasonable working horsemanship. Emphasis is on precision, technical application, and the ability to show strange horse in a pre-assigned pattern (Results as shown by the performance of the horse are not necessarily to be considered more important than the methods used by the rider in obtaining them).

Simple lead changes may be designated in any pattern. Flying lead changes may
be used only in those patterns which call for such; otherwise, they must be considered major faults.

6404 The Host College of each show must determine which pattern is most appropriate, based on suitability of horses and arena footing. Patterns may be selected from any IHSA reining pattern or any currently approved AQHA reining or NRHA pattern. Pattern number must be announced at least thirty minutes prior to the class, giving riders time to review directions. If using a currently approved AQHA or NRHA pattern, copies must be provided or posted for exhibitors. Questions should be directed to the show stewards.

6405 A winning ride includes the following:

A. Proper use of natural aids.

B. Smooth, consistent figures.

C. Efficient, well-placed changes of lead.

D. Definite changes of speed.

E. Noticeable difference in circle size.

F. Proper use of arena markers.

G. Proper working horsemanship.

6406 Faults incurring a score of 0 (not to be placed):

A. Illegal use of hands on the reins.

B. Performing maneuvers other than in the specified order.

C. Inclusion of maneuvers not specified.

D. Running away or failure to guide where it becomes impossible to discern whether rider is on pattern.

E. Using the reins as a whip.

F. Fall by horse or rider (See Rule 4400).
G. Abuse of the horse.

(NOTE: The rider may untangle excess rein, but only when excess rein may prevent the rider from properly executing the pattern; the rider may untangle excess reins only during periods when such movements may not be used to affect the performance of the horse, such as during hesitations, or while settling the horse.)

Faults incurring major penalties include but are not limited to:

A. Excessive, reckless, or inappropriate speed.

B. Any unnecessary aid by the rider, such as excessive talking, petting, kicking, or jerking of reins, etc.

C. Overly aggressive or abusive natural aids.

D. Jogging in excess of ½ circle or ½ length of the arena while starting a circle, circling, or exiting a rollback.

E. Failure to attempt to change or correct a missed lead during or before the completion of a circle.

F. Using a free hand to intimidate or to show praise to the horse.

G. Spurring in front of the girth.

H. Holding or touching the saddle with either hand.

Faults in which severity of the penalty must be determined according to the judge’s perception as to whether blame lies more with the horse or with the rider, include but are not limited to:

A. Figure asymmetry.

B. Failure to properly use arena markers.

C. Starting or completing any circle on an incorrect lead.

D. Starting any lope maneuver at a jog.

E. Any deviation from well-balanced stops or turns or timely transitions.
F. Delayed changes of lead.

G. Anticipation of signals by the horse.

H. Backing sideways or refusing to back.

I. Failure to complete the pattern as written – only if determined to be solely horse dependent. Otherwise, a score of 0 should be applied (See Rule 6406).

(NOTE: Faults are to be considered horsemanship faults or caused by rider errors.)

6409 Show management must use an official IHSA, AQHA or NRHA pattern, which must be announced at least one half-hour prior to the class. Patterns should be worked as stated, not as drawn. The drawn pattern is to give the general idea of how the pattern will appear in the arena. Any alterations to class format must be approved by show stewards and be announced at least one half-hour prior to the class.

6410 The judge may ask a rider to return to ride any approved reining pattern on the same or a different horse.

6411 If a retest is granted by the Stewards during the horsemanship pattern, the rider may retest on a horse in the ring chosen by the judge without riding the class over in its entirety.

6412 In the case of a first-place tie in Reining, the tie-breaker ride must be ridden on a different horse. If another horse is not available and for ties below first place, the tie is to be broken by the judge, including the option to use the horsemanship score, choosing one maneuver, using the penalty score and/or choosing an appropriate test.

6413 Judges may not confer on any penalty or maneuver prior to submitting a score. If a major penalty (a penalty which results in a no score, o, or 5 point penalty) is unclear, a judge will submit his/her score and ask that the score be held, pending a conference or review of the official video at the next drag or as soon as practical. Should the judges determine via conference or video replay that a penalty was incurred, it should be applied. If however, no penalty occurred, the score will be announced as originally submitted. No judge shall be required to change his/her score following a conference or video replay. Each judge's decision is an individual call and based on individual decision from a conference.
or video replay. The use of video review equipment by the judges is only permissible if the judge has reason to believe that all entries have been videotaped. Only a Judge may request a video review.

6500 Western Ranch Riding/Alumni Ranch Riding

The purpose of the Level II Ranch Riding is to elevate the rider’s ability to lay out the pattern in the arena, execute quality maneuvers and present the horse correctly at three forward gaits. Alumni riders will follow the same set of rules/patterns as the Level II riders.

6501 Class Procedures

Entries are to perform individually before the judge. Personal appointments, position and procedures are consistent with rules governing IHSA Western Horsemanship Division. For the safety of the judges, horses and exhibitors, judges shall be seated outside of the arena, if possible, during all IHSA Ranch Riding classes.

6502 General Guidelines

Riders are to be judged on proper symmetry of figures, definite changes of speed at the jog and lope, direction, and ability to use the entire showing arena; proper technical application of natural aids in obtaining all required maneuvers and reasonable working horsemanship. Emphasis is on precision, technical application, and the ability to show strange horses in a pre-assigned pattern (Results as shown by the performance of the horse are not necessarily to be considered more important than the methods used by the rider in obtaining them). Ball spurs are acceptable at the request of the horse provider.

6503 Extended Trot

In riding the extended trot, it is permissible to sit, post or stand, and if standing, hold the horn with the free hand. If the extended trot is called for around a corner, a rider who chooses to post must do so on the outside diagonal as a matter of balance. A wrong diagonal will result in a lower maneuver score.

6504 Lead changes

A change of leads may be either simple or flying, with neither having an advantage over the other. The horse provider has the discretion to state which
type of lead change the horse and rider should perform.

6505 Patterns

The Host College of each show must determine which pattern is most appropriate, based on the suitability of horses and arena footing. AQHA Ranch Riding Patterns 1-15 are available, but no cattle are allowed. Every horse in the class must demonstrate the ability to perform all obstacles and maneuvers in warmup. Show managers are encouraged to carefully choose only patterns the horses at your show can execute. If an obstacle or maneuver in a chosen pattern is found to be inappropriate for horses used in the class, that obstacle or maneuver should be eliminated, and that made clear to all horse providers, coaches and exhibitors, and judges. Patterns must be announced at least thirty minutes prior to the class, giving riders time to review directions. Patterns should be worked as stated, not as drawn. The drawn pattern is to give the general idea of how the pattern will appear in the arena. If using a currently approved AQHA ranch riding pattern, copies must be posted for exhibitors. Questions should be directed to the show stewards.

6506 A winning ride includes the following:

A. Proper use of natural aids.
B. Smooth, consistent figures and transitions.
C. Efficient, well-placed changes of lead.
D. Definite changes of speed at jog and lope.
E. Completion of pattern as drawn and described.
F. Proper use of the entire showing arena.
G. Proper working horsemanship

6507 Faults incurring a score of 0 (not to be placed):

A. Illegal use of hands on reins.
B. Performing maneuvers other than in the specified order.

C. Inclusion of maneuver not specified.

D. Running away or failure to guide where it becomes impossible to discern whether rider is on pattern.

E. Using the reins as a whip.

F. Fall by horse or rider (See Rule 4400).

G. Abuse of the horse.

Faults incurring major penalties include but are not limited to:

A. Excessive, reckless, or inappropriate speed.

6512 In the case of a first-place tie in Ranch Riding, the tie-breaker ride must be ridden on a different horse. If another horse is not available and for ties below first place, the tie is broken by the judge, including the option to use the horsemanship score, choosing one maneuver, using the penalty score and/or choosing an appropriate test.

6513 Judges may not confer on any penalty or maneuver prior to submitting a score. If a major penalty (a penalty which results in a no score, 0, or 5 point penalty) is unclear, a judge will submit their score and ask that the score be held, pending a conference or a review of the official video at the next drag or as soon as is practical. Should judges determine via conference or video replay that a
penalty was incurred, it should be applied. If, however, no penalty occurred, the score will be announced as originally submitted. No judge shall be required to change the score following a conference or video replay. Each judge’s decision is an individual call based on individual decision from a conference or video replay. The use of video review equipment by the judges is only permissible if the judge has a reason to believe that all entries have been videotaped. Only a judge may request a video review.
